*Estimated on 2014 data. Actual funding will be determined after 2015 enrolment data is finalised.

This funding will be used to

Guarantee that all students will either achieve National Minimum Standard or have an evidenced based learning plan in place to address their specific learning needs in Literacy and Numeracy.

Expected Outcomes:

- Increase the percentage of Year 3 students in the U2B in reading from 31% in 2013 to 40% by 2015.
- Increase the percentage of students achieving FNQ Regional Benchmarks for reading (Prep-L9, Year 1-19, Year 2-25) in Prep, Year 1 and Year 2 to 65% by the end of 2015.

Our strategy will be to

- Build teacher capability in explicit instruction and consolidations using the FNQ Improving Teaching System.
- Implement additional support programs (Reading and Oral Language) for students in Prep and Years 1, 2 and 3 who are identified as at-risk.
- Review student performance data in 2 to 5 weekly cycles for reading.
- Continue to implement DI programs in Literacy and Numeracy (EMM/JEMM, Spelling Mastery and Corrective Reading).

Our school will improve student outcomes by

- Employing a Literacy and Numeracy Coach to monitor the implementation of support programs and to enhance the capability of teachers and aides through the provision of coaching.
- Allocating and purchasing additional aide time to increase the opportunities for students to participate in support programs.
- Purchasing additional high quality fiction and non-fiction reading resources for use in school programs.
